

ABOUT A SPACE

Established in 1971 as one of the first multi-disciplinary artist run centres, A Space has played a significant role in the evolution of contemporary art in Canada. Over the past decades, A Space has developed a curatorial practice that is inclusive of diverse aesthetics, politically engaged, technically innovative and representative of our Membership.

The Board of Directors and membership are committed to programming work that crosses disciplines, cultures, abilities, gender and sexual orientation, as well as work in new media and technologies.
